THROUGH: Associate Deputy Director for Intelligence

FROM: Douglas J. MacEachin
Director of Soviet Analysis

STAT SUBJECT: Full-Time External Training [redacted]
During the Academic Year Beginning in September 1986

STAT 1. Approval is requested for [redacted] to attend the Mid-Career Fellows Program at Princeton University for the academic year beginning in September 1986. The program is scheduled to begin in early September and will run through June.

STAT 2. The program is a one-year, nondegree program of continuing professional education for selected government and private sector officials. Its purpose is to increase the professional competence of those accepted for the program and to broaden their perspectives on issues of public concern. A Mid-Career Fellow draws upon the resources of both the Woodrow Wilson School of Public and International Affairs and the other departments of the University to fashion an individually tailored program of study, research, and writing. A year of study as part of a program of this type would serve the broad interests of the Agency, the Office of Soviet Analysis and [redacted]. The program would offer [redacted] the opportunity to fill significant gaps in his understanding of complex public issues, as well as time for self-renewal and reflection, and for engaging his full intellectual and analytical capabilities. He would be expected to return to SOVA in a managerial position bringing with him increased professional competence and a broader view on issues of public concern.

3. The estimated cost of this program for the academic year is \$10,500 for tuition fees and \$500 for books and fees. In addition, \$3,000 is the estimated cost for transportation and per diem. The total cost for the program is \$14,000 all of which will be funded by SOVA.
